Overview Information about the Oklahoma Native Assets Coalition (ONAC) and Updates from the Past Year

Prepared by Christy Finsel
ONAC Executive Director
July 9, 2019
ONAC is a Native-led nonprofit asset building coalition that works with tribes and partners interested in establishing asset-building initiatives and programs in Native communities.
• Native communities may think about assets broadly. Assets are not just money. Assets can be thought of as what we value—kinship, family, natural resources, community, language, sovereignty, spirituality, education, etc.
• We believe that tribes have been building assets for generations. This is not new to us.
• What is new to some Native communities is the information about mainstream asset building programs and how to design customized programs that meet the needs of our tribal citizens.
When We Mention Native Asset Building Programs In Oklahoma, What Are We Talking About?

• Native financial education programs
• Voluntary Income Tax Assistance
• Credit builder programs
• Native small business resources
• Homeownership assistance programs
• Children’s Savings Account programs
• Native Individual Development Account programs
• Family emergency savings accounts
What Are Some of the Purposes of Asset Building Programs?

• Asset building programs can help individuals, families, and communities to:
  – Plug their leaking economies
  – Increase their financial literacy
  – Pass along intergenerational assets such as land
  – Change savings habits
  – Think about their future differently

What Are Some of the Purposes of Asset Building Programs?

– Purchase assets such as homes, post-secondary education, dance regalia, etc.
– Repair and build credit
– Hold land in common
– Teach tribal history, values, and language, etc.
ONAC Vision

- Native families will have multiple opportunities to grow their assets, through participation in integrated and culturally-relevant Native asset building programs. With this vision, ONAC, as a Native asset building coalition, works to increase the numbers of Native asset building programs.
1). Children’s Savings Accounts, CSAs (opening and funding 872 CSAs to date, for Native youth to help them build a nest egg of savings; we have 21 tribal and Native nonprofit partners)
ONAC’s Four Programs

2). Grants for Native asset builders (mini-grants and larger grants to fund various asset building programs; we have grant a administration system in place, provide technical assistance to grantees, and have funded twenty-eight grants ($126,500 total) since 2014 to tribes and Native nonprofits in Oklahoma, Minnesota, Montana, Alaska, and North Carolina);
3). Professional development for Native asset builders and program building

– hosting our annual conference to share lessons learned and provide networking opportunities;
– offering free technical assistance to our constituents as they design and implement asset building programs;
– submitting administrative policy guidance requests;
3). Professional development for Native asset builders and program building (continued)

– leading first Native Bank On Coalition in U.S. to provide more options for safe and affordable bank accounts to tribal citizens;

– administering the national Native VITA/EITC network to provide resources to Native VITA practitioners;

– creating an investor education booklet for our CSA program;
3). Professional development for Native asset builders and program building (continued)
– conducting Native asset building research, paper on national Native Child Savings Initiatives to be published later this year;
– co-hosting Native financial education train-the-trainers;
– and participating in advisory groups related to the community tax preparation field and closing the women’s wealth gap.
4). Emergency Savings Accounts, ESAs

– 382 ESAs funded thus far

– funding for 179 more accounts to be opened by 2021
